CAREER OBJECTIVE

A motivated and adaptable individual with a strong desire for continuous learning and a knack for problem-solving. Eager to apply my knowledge and creativity to contribute meaningfully in a professional setting while growing into a role that adds value to the organization.

EDUCATION

B.Tech, Electronics and Communication Engineering	2022–2026
Ashoka women's Engineering College, Kurnool, Andhra Pradesh	CGPA: 7.0
AP Board of Intermediate in MPC	2020–2022
Narayana Junior College, Kurnool	Percentage: 67.4

TECHNICAL SKILLS

Programming Languages: JAVA, Python, C

Web Technologies: HTML, CSS, JavaScript

Data Visualization & Tools: Excel, Word, PPT, AWS, Canva, VS Code, GitHub

INTERNSHIP

Edvedha	Sep2024 – Nov2024
Online internship	
Logic gates, Implementation of risc processor, Shift registers in VLSI.	

ACADEMIC PROJECTS

Automotive Crash Prediction and Notification Technologies

Automotive Crash Prediction and Notification Technologies have been considered an interesting research field which is helpful to decrease the accidents. Most of the existing sensor system for automotive adaptive cruise control and collision avoidance uses the sensors and laser technology for operation. The main aim of the object is to develop a unique sensor system which can be used to estimate the planer position and orientation of vehicles to avoid vehicle collision by effectively predicting the possibility for collision. However, detection accuracy is still considered as a challenging task. Once the accident is predicted, the camera system embedded in the vehicle will get activated and will capture snaps to gather information of the vehicles near the host vehicle.

Achievements & Awards

- Completed 45 hours of “C Programming” conducted by channel B.Tech at Ashoka women’s engineering college.
- Attended a one-day work shop Drone Technology.
- Got Second prize at “AVISHKAR 2025” for project expo on Automotive crash prediction and notification.
- Got Second prize at “AVISHKAR 2025” for paper presentation on smart shoes technology.

I hereby declare that the information furnished above is correct to the best of my knowledge.
